A Note from the School

The mission of Academy of Hope Adult PCS is to provide high-quality adult education and services that change lives and improve our community. Our classes are small, dynamic, and learner-centered. We have a strong community-building focus. In addition to two high school completion programs, preparation for the GED and the National External Diploma Program, we offer career counseling, computer training, and bridge-to-college classes that allow adults to earn college credit while completing their high school credential. We also offer our Gateway to College and Careers program for adults who have their high school credential but need to improve their skills to qualify for college or training.
