DC PREP - NEWS

Exciting News!

All DC Prep campuses are Tier 1 schools in the 2016 DC Public Charter School Board School Quality Reports. The reports offer a comprehensive overview of public charter schools in DC – measuring performance on a variety of indicators that include test scores, attendance, and re-enrollment rates, among others. The reports place schools in one of three performance tiers with Tier 1 being the top-performing schools. Congratulations to all our students and staff!
