

Hub Training Materials

QuickBase Basics

Version 1.1

About This Training

DC PCSB uses a custom QuickBase application called The Hub to facilitate data collection and reporting. The purpose of this training is to show how to perform basic operations common to all QuickBase applications.

Objectives

After completing this lesson, you will be able to:

- Sign in to the Hub
- Change your password
- Navigate the ribbon
- Set up personal notifications

Table of Contents

About This Training	2
Objectives	2
Signing In to QuickBase	4
Changing Your Password	4
Navigating the Ribbon	4
Setting up Personal Notifications	5

Signing Into the Hub

Browse to the sign in page (<u>http://www.dcpcsb.quickbase.com</u>) and follow the instructions outlined here: <u>https://www.quickbase.com/user-assistance/signing_in.html</u>

	naii Audress
or	user name
Pa	assword
l f	orgot my password
3	Keep me signed in on this computer
	Not a QuickBase user? Create a log-in

Changing Your Password

If you have forgotten or would like to change your password, please see instructions here: <u>https://www.quickbase.com/user-assistance/forgot_your_password.html</u>

Navigating the Ribbon

For details on the layout of the ribbon at the top of the Hub, please see instructions here:

http://www.quickbase.com/userassistance/about_quickbase_navigation.html

Setting up Personal Notifications

Notifications are emails that are sent when a specific action is taken on a record. To set up notifications for yourself, please follow the below steps:

- 1. Log in to the Hub
- 2. In the upper right hand side of the page you will see your name in a gray rectangular box, similar to this:

👤 Adam Bethke 🛛 🝷

Or if your browser window is not wide enough, you may only see this:

In either case, click the white downward pointing arrow

3. The following menu will appear:

Adam Bethke abethke@dcpcsb.org
My preferences
 DC PCSB My role in this app is Application Administrator My personal settings in this app Test this app as another role
Sign Out

- 4. Click the 'My personal settings in this app' link
- 5. You will be taken to the **Personal Settings** page, which will look something like this:

6. Click the green + **New Email** button at the top right of the page

7. The following window will appear:

- 8. Choose the table you wish to create a notification for
- 9. Be sure that the Notification option is selected
- 10.Click the green **Create** button
- 11.You will then be taken to a page similar to this:

Personal Set	tings - Wy email nouncations, subscriptions a reminders - New Email Nouncation.	Save Preview	Cance
× EXIT SETTING	\$		
Permission Type Notification Nan	Recipient Notification #4		
Notify When	a data ticket is modified S + Additional criteria		
mail Contents			
Message Type Subject	Default Chelp me choose		
Message Forma	SHTML OPlain Text Only		
Single record op	tions 🗹 Include a copy of data ticket		
Advanced Opti	ons		
Operations	only when single data tickets change (e.g., Add, Edit) only when multiple data tickets change (e.g., Import) for either type of change		
From Address	otify@quickbase.com The application manager (currently: jeff.cravener@trinityis.com)		
	Adam Bethke (abethke@dcpcsb.org)		

- 12. Give your notification a meaningful name in the **Notification Name** field
- 13.Follow the instructions beginning at step 5 on this link to set up the Notification: <u>https://www.quickbase.com/user-assistance/creating_a_notification.html</u>
