Sibling, Founder, and Staff Preference

All charter schools may give enrollment preference to siblings of current students. In the case of a conversion of a school, priority should be given to the students enrolled at the school at the time of the conversion, siblings of those students, and students who reside within the District of Columbia Public Schools (DCPS) attendance boundaries in which the school is located.

Preference in admission may be given to an applicant who is a child of a member of the public charter school's founding board so long as enrollment of founders' children is limited to no more than 10% of the school's total enrollment or to 20 students, whichever is less.

None of the above preferences relieves the obligation of the school to comply with DC residency requirements for all students. These residency requirements apply to all children, including siblings, children of founders, and children of employees.
